SUMMER 2010

## 'BUY A PILE' APPEAL

As many of our members and supporters will know, a short length of canal has recently been restored at Snarestone, which will extend the navigation almost as far as the pumping station. The Association has this year contributed over £20,000 towards this. A generous donation from a member has also enabled us commission a swing-bridge, which will soon be installed over the stop-plank narrows. We have also purchased some additional land. We would like to see the next stretch beyond the pumping station restored as soon as possible....BUT.... our Restoration Fund reserves are now severely depleted.

We are therefore launching an appeal to raise funds to help restore the next stretch. £25 would buy a pile. But donations of any amount – however small – will be very welcome. All donations will be used towards the Restoration Project. Gift Aid can increase the value of your gift. Donors of £25 or more will receive a commemorative certificate.

Please help us restore more canal by supporting our appeal. Thank You.

---

I would like to support your appeal for the Ashby Canal Restoration. Here is my/our donation of £..... (cheques payable to ASHBY CANAL ASSOCIATION)

\*I would like you to reclaim tax on my donation under Gift Aid. I am a UK taxpayer [\*delete this line if not applicable]
